30 Major Investment-Attraction Projects (MOTIE) · 77 Target Companies
Five investment signals per company · Pre-confirmation indicators only

FIVE LEADING SIGNAL INDICATORS

- 1 Supply Chain & Geopolitical Risk** Dependence reduction, diversification, regulatory risk, etc.
- 2 Production Expansion & Diversification** APAC expansion reviews, feasibility studies, etc.
- 3 Capital Securing & Financing** Large bond issues, equity raises, credit lines, etc.
- 4 Tech Ecosystem Engagement (R&D)** Joint research, licensing, PoC matching, equity, etc.
- 5 Strategic Executive Move** C-level moves, quiet visits, due-diligence signs, etc.

This Month's Signal Matrix

Investment signals (pre-confirmation) across the 77 target companies for August (2026.8.1~8.31). A highlighted cell marks a signal detected during the month; lagging data such as completed deals are excluded.

GLOBAL BUSINESS STATUS

 Target item

Robot LiDAR

Ouster announced that GUSS Automation, a wholly owned subsidiary of John Deere, plans to incorporate Ouster's next-generation REV8 digital lidar sensors into its autonomous orchard machine fleet. The integration aims to enhance precision autonomy and obstacle detection in challenging agricultural environments such as orchards and vineyards. Ouster's lidar technology provides reliable 3D depth data and environmental resilience under difficult operating conditions.

GLOBAL BUSINESS STATUS

 Target tech

Rare earth extraction from end-of-life permanent magnets

Mkango Resources has completed the acquisition of the Remloy rare earth magnet recycling business from Heraeus Amloy Technologies GmbH for €8 million. Through this transaction, Mkango gains the Remloy production facility in Bitterfeld, Germany, which recycles end-of-life rare earth magnets to produce neodymium-iron-boron alloy powders. This complements HyProMag's short-loop recycling process and Mkango UK's long-loop recycling process, significantly strengthening the rare earth supply chain and manufacturing ecosystem in Europe.

Nabtesco

Robot precision drives

Japan

Target item/tech **Robot reducer**

August global business trend

Nabtesco announced its semiannual report for the first half of fiscal 2026, reporting that sales in the Component Solutions Business increased by 23.6% year-on-year to ¥45,521 million. The company noted that sales of precision reduction gears grew due to favorable demand for industrial robots, primarily from automobile manufacturers in China and South Korea.
