Target Companies

Global Investment Signals

Monitor

30 Major Investment-Attraction Projects (MOTIE) · 77 Target Companies
Five investment signals per company · Pre-confirmation indicators only

FIVE LEADING SIGNAL INDICATORS

- 1 Supply Chain & Geopolitical Risk** Dependence reduction, diversification, regulatory risk, etc.
- 2 Production Expansion & Diversification** APAC expansion reviews, feasibility studies, etc.
- 3 Capital Securing & Financing** Large bond issues, equity raises, credit lines, etc.
- 4 Tech Ecosystem Engagement (R&D)** Joint research, licensing, PoC matching, equity, etc.
- 5 Strategic Executive Move** C-level moves, quiet visits, due-diligence signs, etc.

This Month's Signal Matrix

Investment signals (pre-confirmation) across the 77 target companies for August (2026.8.1~8.31). A highlighted cell marks a signal detected during the month; lagging data such as completed deals are excluded.

GLOBAL BUSINESS STATUS

 Target tech

rare earth extraction from end-of-life permanent magnets

Energy Fuels has completed its 100% acquisition of Australian Strategic Materials (ASM) via a scheme of arrangement. Consequently, ASM has been removed from the official list of the ASX. The combination represents a major step forward in developing a secure and diversified rare earth platform.

GLOBAL BUSINESS STATUS

 Target item

robot LiDAR

GUSS Automation, a wholly owned subsidiary of John Deere, plans to incorporate Ouster's next-generation Rev8 digital lidar sensors into its autonomous orchard machine fleet. The integration provides enhanced 3D depth data and perception capabilities to support precision autonomy and obstacle detection in high-value crop operations.

Item-Linked Global Business Trends

Companies without a five-signal profile this month, but where a global business trend directly linked to a target item/tech was detected in August — monitored for potential signal development.

Albemarle

Battery cathode materials

USA

Target item/tech Cathode material lithium hydroxide/carbonate

August global business trend

Albemarle reported that Energy Storage net sales for the second quarter of 2026 reached \$1.3 billion, an increase of 78% year-over-year driven by higher pricing.

Source Albemarle - Newsroom / Newsroom / News 2026.08.05

Nexeon

Battery anode materials

UK

Target item/tech Silicon anode material technology

August global business trend

Nexeon advances its silicon anode materials business by operating its first volume production facility for silicon-carbon materials in South Korea and driving commercialization for higher energy density lithium-ion batteries.
