■ AI-confirmed signal ■ Needs review, unconfirmed ■ Reviewed, no signal ■ Insufficient evidence, revisit

⓪ Supply Chain & Geopolitical Risk · ⓪ Production Expansion · ⓪ Capital Securing · ⓪ Tech Ecosystem (R&D) · ⓪ Strategic Executive Move

3 AI-confirmed · 7 needs review · 23 reviewed without signals · 44 insufficient evidence

Review Scope and Omissions

Information period August (2026.8.1~8.31)

361 of 364 articles for the month reviewed · 3 failed review

Company status (77): 3 AI-confirmed · 7 needs review · 23 reviewed without signals · 44 insufficient evidence

Why evidence is insufficient (companies, may overlap)

Collection incomplete	12	Article review failed	2
Signal candidate awaiting publication date	8	Articles held without date or body	14
Judgement deferred for insufficient evidence	26	Title only, body not collected	13

- Candidates left out of the body pending a publication date: 8 investment signals · 14 business trends
- Collection jobs: 64 companies completed · 13 incomplete. This tracks whether collection finished and is a different measure from 'insufficient evidence' in the matrix.

Articles not reflected because review failed

- **Nexeon** [National Wealth Fund backs Nexeon in £100m investment round August 31, 2026](#)
- **Siemens-Gamesa** [Q3 FY26 Earnings Release and Financial Results](#)
- **Skyworks** [2025 SWKS Annual Report](#)

'Needs review' marks a candidate whose company and indicator event were confirmed but which misses one condition; it is not an AI-confirmed signal. No full external fact-check of source articles was performed. Per-article decisions and errors are in the run artifact (status.json, reviews/diagnostics).
