GLOBAL BUSINESS STATUS

Target tech

Rare earth extraction from end-of-life permanent magnets

Mkango Resources has completed the acquisition of the Remloy rare earth magnet recycling business from Heraeus Amloy Technologies GmbH for €8 million. Through this transaction, Mkango gains the Remloy production facility in Bitterfeld, Germany, which recycles end-of-life rare earth magnets to produce neodymium-iron-boron alloy powders. This complements HyProMag's short-loop recycling process and Mkango UK's long-loop recycling process, significantly strengthening the rare earth supply chain and manufacturing ecosystem in Europe.
